Description:

The programs outlined in this document are designed to bring more visitors to your website, and to improve conversion rates (turning visitors into sales). These goals are accomplished through effective website development and internet marketing strategies. Website Management, Search Engine Optimization (SEO) and Search Engine Marketing (SEM), such as Google AdWords, are among these strategies. New page creation, content improvements, and ongoing website edits are included in all SEO Plans.

Website Marketing Services

- ✓ **Consultations with a Professional Internet Marketing Specialist assigned to you:**
Email, phone, and/or in person introduction and ongoing correspondence for all service levels. Levels 2, 3 and 4 include unlimited phone and email support with an assigned *Internet Marketing Specialist* (IMS).
- ✓ **Improved Search Engine Rankings:**
Receive a stronger web presence and greater penetration to your online market by appearing in the top of the major search engine listings (Google, Yahoo!, Bing).
- ✓ **Website Assessment:** Comprehensive periodic assessments include details on your website's performance as well as continued Keyword Research & Analysis and Competition Analysis based on product and service demographics for specific markets.
- ✓ **Website Optimization:** Proper page architecture and content with search engine positioning strategies tailored toward your market needs will improve the positioning of your web pages in the search engine listings.
- ✓ **Monthly Reports:** Emailed monthly reporting and regular updates that detail the status of your marketing campaigns and website performance.
- ✓ **Choose the level of service that's RIGHT for you!** Clicks-Online.com offers 4 levels of service. You can change your service plan at any time.

Search Engine Optimization (SEO)

SEO/Website Marketing and Management Packages are recommended for targeting Local, Regional, Nationwide, or International markets. Search Engine Optimization (SEO) is a necessity for your website pages to be properly listed and ranked in the major search engines where a person searches for products or services using particular keywords or phrases. Your personal Clicks-Online Internet Marketing Specialist (IMS) will provide hands-on consultations and will customize marketing campaigns that fit your market needs. Your personalized campaign includes advanced SEO/Website Marketing and Management Services, outlined below:

Clicks-Online SEO/Website Marketing and Management Service Packages include up to 12 hours per month of SEO, Internet Marketing and Website Management services which include, but are not limited to, the following items:

- Keyword / Keyword Phrase Research, Analysis and Targeting – increases potential for search engine listings and rankings.
- Proper construction of page titles, Meta description and Meta keyword tags – improves potential for higher search engine rankings.
- Proper construction, submission and modifications of files necessary for improved search engine indexing (robots.txt, sitemap.xml, urllist.txt, etc.).
- Monthly submissions to major search engines (Google, Yahoo, Bing).
- Monthly submission to secondary search engines and directories for better exposure and increased traffic.
- Proper creation and construction of keyword phrase targeted anchored text links – increases the possibility for someone to find the corresponding pages of your site to match keyword targeted search queries; improves site crawl rate.
- Article submission – article(s) created or edited and submitted to select article directory or directories each month based on client supplied information; improves traffic, site popularity and search engine rankings
- Social network account management and postings, such as Twitter and Facebook for improved traffic and website popularity.
- Site Map generation or modification, submission and monitoring with Google.
- Link Management – developing links to your website from relevant websites to improve site ranking for improved traffic.
- New page creation and copywriting (up to 500 words per page).
- Blog creation / maintenance – up to 4 postings per month.
- Monthly Search Engine Ranking Reports – emailed directly to you within the first two weeks of each month detailing the website and marketing performance for the previous month.
- Standard press release creation and submission. Premium Press Release submissions available at additional cost.
- Listing setup, submission and/or modifications to Google Maps, Yahoo Maps, Bing Maps.
- Website Management (changes, edits, updates to existing pages per time allocated).

Search Engine Marketing (SEM)

Google AdWords

SEM, or Search Engine Marketing, is recommended for targeting Local, Regional, Nationwide, or International markets for instant traffic to your website from those consumers searching online for your products and/or services via "paid" or "sponsored" links. Google AdWords is the most popular SEM venue. Your personal Clicks-Online Internet Marketing Specialist (IMS) will provide hands-on consultations and will customize campaigns that fit your market needs. A Google AdWords account will be setup using your credit card and address information. Your assigned Clicks Online IMS will manage the account on your behalf. FEE: Clicks Online charges a 25% account management fee each month, based on the monthly Google AdWords budget you provide.)
